

FUND FACTS

PICTON MAHONEY FORTIFIED ACTIVE EXTENSION ALTERNATIVE FUND

CLASS A

September 21, 2018

This document contains key information you should know about Picton Mahoney Fortified Active Extension Alternative Fund – Class A (the “Fund”). You can find more detailed information in the Fund’s simplified prospectus. Ask your representative for a copy, or contact Picton Mahoney Asset Management (the “Manager”) toll-free at 1-866-369-4108 or service@pictonmahoney.com, or visit www.pictonmahoney.com.

Before you invest in any fund, consider how the fund would work with your other investments and your tolerance for risk.

This mutual fund is an alternative fund. It has the ability to invest in asset classes or use investment strategies that are not permitted for conventional mutual funds. The specific strategies that differentiate this Fund from conventional mutual funds include: increased use of derivatives for hedging and non-hedging purposes; increased ability to sell securities short; and the ability to borrow cash to use for investment purposes. While these strategies will be used in accordance with the Fund’s investment objectives and strategies, during certain market conditions they may accelerate the pace at which your investment decreases in value.

QUICK FACTS

| | | | |
|--|--------------------|----------------------|---|
| Fund Code: | 3000 | Fund Manager: | Picton Mahoney Asset Management |

What does the fund invest in?

The investment objective of the Fund is to provide long-term capital appreciation and to provide unitholders with an attractive risk-adjusted rate of return with similar volatility to the traditional equity market by taking long and short investment positions in an actively-managed portfolio comprised primarily of Canadian equity securities.

The Fund's aggregate gross exposure is calculated as the sum of the following, and must not exceed three times its net asset value: (i) the aggregate market value of the Fund's long positions; (ii) the aggregate market value of physical short sales on equities, fixed-income securities or other portfolio assets; and (iii) the aggregate notional value of the Fund's specified derivatives positions excluding any specified derivatives used for hedging purposes.

The charts below give you a snapshot of the Fund's investments on September 21, 2018. The Fund's investments will change.

How risky is it?

The value of the Fund can go down as well as up. You could lose money.

One way to gauge risk is to look at how much a fund's returns change over time. This is called "volatility".

In general, funds with higher volatility will have returns that change more over time. They typically have a greater chance of losing money and may have a greater chance of higher returns. Funds with lower volatility tend to have returns that change less over time. They typically have lower returns and may have a lower chance of losing money.

Risk rating

The Manager has rated the volatility of this Fund as **medium**.

Because this is a new Fund, the risk rating is only an estimate by the Manager. Generally, the rating is based on how much the Fund's returns have changed from year to year. It doesn't tell you how volatile the Fund will be in the future. The rating can change over time. A fund with a low risk rating can still lose money.

For more information about the risk rating and specific risks that can affect the Fund's returns, see the "What are the risks of investing in the Fund?" section of the Fund's simplified prospectus.

No guarantees

Like most mutual funds, this Fund doesn't have any guarantees. You may not get back the amount of money you invest.

PICTON MAHONEY FORTIFIED ACTIVE EXTENSION ALTERNATIVE FUND CLASS A

How has the fund performed?

This section tells you how the Class A units of the Fund have performed since the Fund was created. Returns are after expenses have been deducted. These expenses reduce the Fund's returns.

Year-by-year returns

This information is not available because this class of the Fund has not completed a full calendar year of performance.

Best and worst 3-month returns

This information is not available because this class of the Fund has not completed a full calendar year of performance.

Average Return

This information is not available because this class of the Fund has not completed 12 consecutive months of performance.

Who is this fund for?

This Fund may be right for you if:

- you plan to hold your investment for the long-term;
- you want to gain exposure to a diversified portfolio of North American equities; and
- you can tolerate a medium level of risk.

A word about tax

In general, you will have to pay tax on any money you make on a fund. How much you pay depends on the tax laws where you live and whether or not you hold the Fund in a registered plan such as a Registered Retirement Savings Plan or a Tax-Free Savings Account.

Keep in mind that if you hold your fund in a non-registered account, fund distributions are included in your taxable income, whether you get them in cash or have them reinvested.

How much does it cost?

The following tables show the fees and expenses you could pay to buy, own and sell Class A units of the Fund. The fees and expenses – including any commissions – can vary among classes of a fund and among funds. Higher commissions can influence representatives to recommend one investment over another. Ask about other funds and investments that may be suitable for you at a lower cost.

1. Sales Charges:

The only sales charge option when you buy the Fund is the initial sales charge option. Ask about the pros and cons of this option.

| Sales charge option | What you pay | | How it works |
|----------------------|-----------------------------------|--------------------------------------|---|
| | In percent (%) | In dollars (\$) | |
| Initial Sales Charge | 0% up to 5% of the amount you buy | \$0 to \$50 on every \$1,000 you buy | You may have to pay a sales charge to your representative's firm when you buy Class A units. You and your representative negotiate the amount you pay, up to a maximum of 5%. We deduct the sales charge from the amount you invest and pay it to your representative's firm as a commission. |

2. Fund Expenses:

You don't pay these expenses directly. They affect you because they reduce the Fund's returns.

PICTON MAHONEY FORTIFIED ACTIVE EXTENSION ALTERNATIVE FUND CLASS A

The Fund's expenses are made up of the management fee, operating expenses and trading costs. The Class A units' annual management fee is 1.95% of the Class A units' value. Because this class is new, operating expenses and trading costs are not yet available.

The Fund pays the Manager quarterly a performance fee equal to the daily net asset value of the Class A units during the calendar quarter multiplied by 20% of the amount by which the total return of the Class A units exceeds the total percentage increase or decrease in the S&P/TSX Composite Index (TR) since the end of the period for which the last performance fee was paid for the Class A units, plus applicable taxes.

More about the trailing commission

The trailing commission is an ongoing commission. It is paid for as long as you own units of the Fund. It is for services and advice that your representative and their firm provide to you.

The Manager pays the trailing commission to your representative's firm. It is paid from the Fund's management fee and is based on the value of your investment.

For Class A units of the Fund, the Manager pays your representative's firm a trailing commission of 1% each year based on the total value of Class A units. This is the equivalent of \$10 per \$1,000 invested.

3. Other Fees:

You have to pay other fees when you buy, hold, sell or switch Class A units of the Fund.

| Fee | What you pay |
|---------------------------------|---|
| Short-term trading | A fee of 1% of the amount redeemed may be charged if you redeem units within 30 days of purchasing such units. This fee goes to the Fund. |
| Switch and Reclassification Fee | You may have to pay a switch fee or a reclassification fee, as applicable, of up to 2% based on the net asset value of the applicable class of units of a fund you switch or reclassify. You may negotiate the amount with your representative. Dealers' fees for switches and reclassifications are paid by redeeming units held by you. |

What if I Change My Mind?

Under securities law in some provinces and territories, you have the right to:

- withdraw from an agreement to buy mutual fund units within two business days after you receive the simplified prospectus or Fund Facts document, or
- cancel your purchase within 48 hours after you receive confirmation of the purchase.

In some provinces and territories, you also have the right to cancel a purchase, or in some jurisdictions, claim damages, if the simplified prospectus, annual information form, Fund Facts document or financial statements contain a misrepresentation. You must act within the time limit set by the securities law in your province or territory.

For more information, see the securities law of your province or territory or ask a lawyer.
